

**Exercise 3**

**Money up to £100**

1. Write down how much money each of the following is worth :-

2. Kara paid her bill of **£42** and **60p** with the correct money.

Write down two different ways she could have paid exactly.

3. Write down the notes and coins that you could pay **exactly** for :-

a £27

b £85

c £56

d £46 and 50p

e £32 and 25p

f £57 and 12p.

4. May's mum hands over **two £20** notes for her **£36** and **50p** scarf.

Give an example of what notes and coins might make up her change.

5. How much did each person spend ?

a Alan got **£28** change from his **two £20** notes.

b Lou got **£6** and **55p** change from his **£20** note.
